As a result of my rather interesting childhood, I have spent most of my life trying to discover the truth behind the paranormal, the occult, and the power of the mind to manifest reality. This manuscript is written in order to help you understand a topic that I think can change your life forever. It is also written as a challenge!

If you are on the fence about whether you believe in the power of thought to create reality, then I challenge you to apply the material found in this inexpensive little ebook.

There is so much mystery in the world and I find it unfortunate that even though many people are interested in using thought to alter reality, to get what they want, they do not know that there is more out there to play with than just 'The Law of Attraction' or 'The Secret'.

The mind, your mind, is indeed very powerful and can create anything you want, it is my hope that this manuscript will help you begin to see some of the possibilities.

Discover how thoughts create reality.

Discover how to overcome negative thoughts and energy using the power of servitors.
