How To Create Gold - A Step By Step Method

Joyce M. Morris

How To Create Gold - A Step By Step Method Joyce M. Morris

This book is written for people who UN successfully tried to create wealth, or for those who haven't even tried because they don't believe it will work for them.

It is written for YOU if you were taught, and believed, things like:

Money doesn't grow on trees.

Do you think I'm made of money or something?

It takes money to make money.

There's not enough money.

Rich people are greedy.

I'll never be rich

I don't deserve to be rich.

I'm not smart enough to be rich.

Life makes it impossible for some people to be rich.

Get a good education and you'll make a lot of money.

Over 95% of those who try to become wealthy, fail because the wealth gurus don't teach the most important secret. You may already know that wealthy people *think and act* from an entirely different paradigm than those who are not wealthy. ***But do you know how to change your paradigm and begin thinking and acting in the way that will automatically bring wealth to you?***

Other books tell what wealthy people DO. The book, **How To Create Gold** tells how we all unconsciously CREATE our paradigms and most importantly, how to *consciously* make the transition to the paradigm of wealth and LIVE there.

As you learn the final missing piece that fills the gap between 'metaphysical' knowledge and everyday physical experience, you will learn the basics of:

- How your current UNconscious paradigm creates the financial life you now have,
- How to easily change your financial paradigm and begin successfully creating wealth.
- How to complete a powerful wealth plan.
- Amazing transforming techniques that you will apply in MANY other areas of your life.
- How to begin bringing wealth into your life NOW, not just in the future.
- How to shorten the distance between now and then.
- How to STAY wealthy.

Both wealth and poverty are creations produced by *equally powerful people*. *How To Create Gold* compellingly explains how to produce the results you want.

If you're sure that creating wealth is hard work and you don't have enough energy left over for that hard work, then this is the book for you. It will show you the key to make creating wealth so much easier, almost like you were born with a silver spoon in your mouth.

If creating wealth were any easier than the way you will discover in this book, it would be called *play*.;

Ask yourself this question: *Am I completely satisfied with my default programming?* You probably answered, *NO*, because more often than not, default programs look something like...

- It's too hard.
- I'm not ready.
- There's not enough time left unless I win a Lottery.
- Money is limited or even scarce.
- People and circumstances can keep me from wealth.
- I can't build wealth until the economy is good.

There's a simple way to over-ride all that unwanted default programming that silently works against your dreams, and you will find it in this book.
