Mastering Mambo is a professional-level guide to Mambo's most powerful and useful features. You will develop powerful interactive sites that fit perfectly with your unique requirements. Create attractive custom layouts for Mambo. Build multilingual, internationalised sites. Open an online store for your Mambo site, complete with support for gift coupons, automatic invoicing, and more. Turn your site into a community with discussion forums. Discover more of the available Mambo extensions and how to use them. Optimize your site for performance, search engines, security, and accessibility. Develop your own components, modules and Mambots. Master DOCMAN, the document manager for Mambo, to turn your Mambo site into a dynamic repository of shared documents and files. Mastering Mambo is the book for anybody who has developed a Mambo web site, and wants to expand what their site can do and make the most of this powerful content management system. It is not a tutorial in the Mambo basics. Nor is it a comprehensive reference to Mambo's workings. Instead, it shows you how to employ Mambo's most powerful and useful features in your own site or intranet.
