Advanced Concrete Technology Set

Advanced Concrete Technology Set

Based on the Institute of Concrete Technology's advanced course, this new four volume series is a comprehensive educational and reference resource for the concrete materials technologist.

An expert international team of authors from research, academia and industry has been brought together to produce this unique reference source. Each volume deals with different aspects of the properties, composition, uses and testing of concrete. With worked examples, case studies and illustrations throughout, this series will be a key reference for the concrete specialist for years to come.

- * Expert international authorship ensures the series is authoritative
- * Case studies and worked examples help the reader apply their knowledge to practice
- * Comprehensive coverage of the subject gives the reader all the necessary reference material
