Jinny lives a relatively normal life as an accountant, author, and artist until one day when a chance meeting changes everything. What starts out feeling like a supernatural attack brings two unsuspecting destined souls together.

Jinny soon thinks she's lost her mind when her fantasy man, Senefru comes to life and can't stay away from her. His choice puts her life in mortal danger and now he must try to protect her at all costs. Jinny has other plans though when he triggers her soul's memories of her past lives. Jinny must now decide if she can forgive him for killing her in a past life or if she will walk away from him forever. She must also try to reconcile all of her lives into her most current one.

Will she be strong enough to handle what the past contains and what the future will bring? Will she and Senefru find a way to reconcile the past or will something much more sinister find her first?
