The Mohammed Code Howard Bloom

“The Mohammed Code is keeping me up at night. It’s a terrifying book—like a horror novel. It’s the best book I’ve read on Islam...and the most elegantly written.” David Swindle, lifestyle editor, PJ Media

Alexander the Great, Julius Caesar, Napoleon, and Adolph Hitler tried to take over the world. All of them failed. Yet an illiterate desert prophet enabled his followers to hammer together an empire 11 times the size of Alexander the Great’s conquests, 5 times the size of the Roman Empire, and 7 times the size of the USA. How did Mohammed pull it off? And how does his success threaten you and me? The Mohammed Code is a story you are not supposed to read. The Mohammed Code is based entirely on Islamic sources: the Quran, the Hadith, Ibn Ishaq, al Tabari, and lives of Mohammed written for Moslem eyes only by Islamic religious leaders, Islamic scholars, and Islamic journalists. The Mohammed Code tells one of the most important and riveting stories in history. The hidden story behind the headlines from shock-spots in Asia, Africa, Europe, Iran, Iraq, Afghanistan, and Pakistan. And the inner secrets of the mosque down the street. . If you are a Moslem and you want to be righteous, just, and pure, you are required to follow in the footsteps of Mohammed. What kind of footsteps did Mohammed leave you? His example as the commander of 65 military campaigns. His example as a participant in 27 of those battles. His example as the architect of ethnic expulsions and genocides. Explains Osama bin Laden, Mohammed was “a Prophet of Conquest.” And Pakistan’s Universal Sunnah Foundation agrees. It says proudly that under Mohammed’s generalship, “Islam spread on an average of 822 square kilometres per day.” Behind that conquest is an astonishing story. The story of Mohammed’s life as a militant. The story of Mohammed’s two favorite tools of war, “deceit” (deception) and “terror.” The story that led to the assembly of the biggest empire in human history...an empire eleven times the size of the conquests of Alexander the Great, five times the size of the Roman Empire, and seven times the size of the United States. The Mohammed Code is the story of how Mohammed laid out a simple goal--seizing the entire world. A goal so dependent on violence that one of Mohammed’s leading modern interpreters, Islamic Revolutionary Iran’s founding father, the Ayatollah Khomeini, says proudly that “Islam has obliterated many tribes.” The Mohammed Code tells a story unknown in the West, the story that led the Ayatollah to declare that, "Moslems have no alternative... to an armed holy war. ...Holy war means the conquest of all non Moslem territories. ...It will ...be the duty of every able-bodied adult male to volunteer for this war of conquest, the final aim of which is to put Koranic law in power from one end of the earth to the other.” If you want to know the story of Mohammed’s ten years as a militant, read The Mohammed Code. It is more than just amazing. It is a story whose aftershocks are quaking your life.
