The Path Home: The Trinity Conspiracy ~ Book Three (Volume 3) A. C. Townsend

The Journey continues along The Path Home ... May 1950: Three years of running from the Council, hiding from society, and fighting for survival continue to haunt Sarah and her family as they dare to believe they have discovered an Eden that could be the answer to their prayers. Taking refuge in a fertile valley isolated from the dangers that have relentlessly threatened their freedom and their lives, they work diligently to create the haven they have long desired. But life on the run boasts a liberty all its own, and even paradise comes with a price. When betrayal jeopardizes the Trinity family's obscurity, they are reminded again that they must search within their own hearts if they truly wish to find the path home. From Area L to Area 51, from Blue Book to Have Blue, prominent events are a curtain behind which a family of ordinary people live extraordinary lives apart from a world of individuals who are fascinated with technology, impatient for medical advancements, and unaware that the aliens they have encountered are not aliens after all.
