**Vedic Astrology Simply Put: An Illustrated Guide to the Astrology of Ancient India** William Levacy  
*Vedic Astrology Simply Put* is a colorful, fun, and simplified entry into the mysterious and captivating world of Vedic Astrology, called *Jyotish* in India. William R. Levacy, an astrologer with more than two decades of experience, offers beautifully rendered illustrations and text to ease your understanding of this ancient system of behavior and trend analysis. This book gives you straightforward guidance on:

- How to decipher the myths and origins of Vedic astrology
- How Vedic astrology differs from Western or Tropical astrology
- The Vedic style of interpreting the Sun, Moon, planets, houses, and signs
- How the Vedic seers used the Moon signs (called *nakshatras*) and other special techniques to zero in on how people behave
- How to use Ayurveda, the Science of Health; and Vastu—the Science of Space (India’s counterpart to Feng Shui)—integrated with Vedic astrology, the Science of Time

Much of the Vedic art was custom created for this book by master artists in India. There’s also a special bonus enclosed—a free CD-Rom of the popular “Parashara’s Light SE” Vedic astrology software.
