## **History, Manners, and Customs of the Indian Nations who Once Inhabited Pennsylvania and the Neighbouring States (Illustrated) John Heckewelder**

The reader of the following pages, having already seen what has induced me to come forward with an historical account of the Indians, after so many have written on the same subject, will perhaps look for something more extraordinary in this than in other works of the kind which he has seen. Not wishing any one to raise his expectations too high, I shall briefly state that I have not written to excite astonishment, but for the information of those who are desirous of knowing the true history of those people, who, for centuries, have been in full possession of the country we now inhabit; but who have since emigrated to a great distance. I can only assure them, that I have not taken the information here communicated from the writings of others, but from the mouths of the very people I am going to speak of, and from my own observation of what I have witnessed while living among them. I have, however, occasionally quoted other authors, and in some instances copied short passages from their works, especially where I have thought it necessary to illustrate or corroborate my own statements of facts.
