I Want to Die: 39 Reasons You Shouldn't Walter Lance, Dan Fischer

“You want to die. Life doesn't feel worth living anymore. You'll never be okay again, not now, not ever. Everything you once lived for, once loved is gone. Life is pointless. There is no hope for a better future. You contemplate suicide. Death would be welcome now, a relief from the pain of living. Everything you once dreamed of will never come true, and the whole world is crumbling around you.

I know how you feel. I've been there too. I was lying on the floor, and felt like my life was over. I wanted to die. I wanted to kill myself and finally end it. But I made it. I found reasons not to die, ways to make life worth living again.

This book will teach you how to do that for yourself. This book could save your life.”
