"Literature for English" is a five-book literature-based reading program for students who need to improve their basic English skills. Each book is packed with high-interest stories by famous writers covering varied genres such as folktale, science fiction, and autobiography. Selections in the Beginning- and Intermediate-level books are divided into a number of short, illustrated sections. Many of the chapters in the Advanced-level books contain theme-related stories and poems. Each section in the "Student Book" is followed by a comprehensive four-part skills check that is developed to meet the needs to LEP readers and is consistent with the general scope and sequence of ESL/ELT curricula. The "Literature for English Audio CDs" features audio versions of the stories presented in the student book.
