What Works in Distance Learning: Guidelines Harold F. O'neil

This book documents progress to date in what works in distance learning (DI). An overriding goal of this effort was to create a robust and clear set of design guidelines to support the next generation of DI training. The book is targeted mainly toward the research and program management communities. A companion book contains a set of lessons organized by guideline area. The lessons depict specific guideline areas in terms of how a particular guideline would look instantiated in a lesson.
