Ms. Sandra Ross

Going Gentle Into That Good Night: A Practical and Informative Guide For Fulfilling the Circle of Life For Our Loved Ones with Dementias and Alzheimer's Disease Ms. Sandra Ross

This book is written to give practical and real-world help to those us responsible for the care of loved ones with dementias and Alzheimer's Disease.

It's not like all those other books. Believe me, I found most of them to be a waste of my time because they were not hands-on and accessible and they didn't tell me the stuff I really needed to know and had to learn on my own.

If you want a lot of theory, this is not the book for you. If you want to read one more book that talks about dementias and Alzheimer's Disease from a high-level and clinical standpoint, this book is not for you.

But you want the succinct and practical experience and advice from somebody who's walked your shoes as when I cared for my mom, this book is for you.

I wish there had been one like it when I was starting that journey. Fortunately, thanks to Mom's journey, I have a chance to pass what I learned on.

This is part of paying it forward.
