Operations Management Jay Heizer . Barry Render

For undergraduate Operations Management courses. This Global Edition has been edited to include enhancements making it more relevant to students outside the United States A broad, practical introduction to operations, reinforced with an extensive collection of practice problems. Operations Management presents a broad introduction to the field of operations in a realistic and practical manner, while offering the largest and most diverse collection of problems on the market. The problems found in this text also contain ample support-found in the book's solved-problems, worked examples, and myomlab, Pearson's new online homework and tutorial system-to help students complete and understand assignments even when they're not in class. For a briefer version without the business analytic modules at the end of the text, see Heizer/Render's Principles of Operations Management: Sustainability and Supply Chain Management, 9e.

From reader reviews:

Jennifer Joseph:

Your reading 6th sense will not betray an individual, why because this Operations Management e-book written by well-known writer who really knows well how to make book that can be understand by anyone who also read the book. Written in good manner for you, still dripping wet every ideas and writing skill only for eliminate your hunger then you still doubt Operations Management as good book but not only by the cover but also by content. This is one book that can break don't assess book by its include, so do you still needing yet another sixth sense to pick this specific!? Oh come on your examining sixth sense already said so why you have to listening to an additional sixth sense.

Margaret Burman:

In this age globalization it is important to someone to find information. The information will make a professional understand the condition of the world. The fitness of the world makes the information simpler to share. You can find a lot of referrals to get information example: internet, newspapers, book, and soon. You will see that now, a lot of publisher in which print many kinds of book. Typically the book that recommended to you is Operations Management this e-book consist a lot of the information on the condition of this world now. This book was represented just how can the world has grown up. The terminology styles that writer value to explain it is easy to understand. The particular writer made some study when he makes this book. Honestly, that is why this book ideal all of you.

Michael Nunn:

Many people spending their period by playing outside along with friends, fun activity along with family or just watching TV the entire day. You can have new activity to enjoy your whole day by studying a book. Ugh, do you think reading a book really can hard because you have to bring the book everywhere? It all right you can have the e-book, bringing everywhere you want in your Cell phone. Like Operations Management which is keeping the e-book version. So , try out this book? Let's find.

Roy Rogers:

As a college student exactly feel bored to be able to reading. If their teacher asked them to go to the library or to make summary for some reserve, they are complained. Just little students that has reading's spirit or real their passion. They just do what the professor want, like asked to the library. They go to there but nothing reading really. Any students feel that studying is not important, boring and can't see colorful images on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this period of time, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore this Operations Management can make you feel more interested to read.
