What is Geography?

Alastair Bonnett

What is Geography? Alastair Bonnett

This text offers readers a short and highly accessible account of the ideas and concepts constituting geography. Drawing out the key themes that define the subject, **What is Geography?** demonstrates how and why these themes - like environment and geopolitics- are of fundamental importance.

Including discussion of both the human and the natural realms, the text looks at key themes like environment, space, and place - as well as geography's methods and the history of the discipline.

Introductory but not simplified, **What is Geography?** will provide students with the ability to understand the history and context of the subject without any prior knowledge.

Intended Audience: Designed as a key transitional text for students entering undergraduate courses, this book will be of interest to all readers interested in and intrigued by the "geographical imagination."
