Lionel Bascom

The Tar Baby Chronicles, Lost Tales from the Gullah Islands Lionel Bascom

The legends in this book are bounty from a vast treasury spawned from Aesop, the slave from Ethiopia and later the legacy of an old Negro in American literature that some affectionately called Uncle Remus. This is the authentic literature of the first Africans in America. Passed down through generations for hundreds of years, The Tar Baby Chronicles are from a largely unsung genre of stories. In the oral tradition, these tales were passed on in a peculiar scion of African-Americans along the south Atlantic coast known as the Gullah. Living in isolation in island communities for centuries, the Gullah retained cultural ties with Africa longer than any other single community of blacks in the United States who were descended from slaves. These stories are from this unique culture.
