Pirone's Tree Maintenance

John R. Hartman, Thomas P. Pirone, Mary Ann Sall

Pirone's Tree Maintenance John R. Hartman, Thomas P. Pirone, Mary Ann Sall

Praised by *The New York Times* as "an indispensable guide for the homeowner and the professional," *Tree Maintenance* has been the definitive source on maintenance of North American landscape trees for over fifty years, an essential reference not only for arborists, nurserymen, and landscape architects, but for all homeowners who want to keep their trees healthy and pest free.

The Seventh Edition, now named in honor of Dr. P. P. Pirone, who authored the first five editions and co-authored the sixth, has been revised to reflect the enormous amount of new information available since the last edition, including the latest techniques in selecting, planting, and protecting trees. The authors explain how to evaluate the site (the soil, drainage, and exposure), how to select the right tree for that location, and how to prune, fertilize, and spray for pests. There is an extensive section on the diagnosis and control of tree pests and diseases, and on problems such as construction damage, gas injury, sunscald, leaf scorch, and air pollution. While the general structure of the sixth edition has been retained, there are several topics--notably hazardous trees and coping with tree pests and diseases--that have received greater attention than in previous versions of the book. The second half of the book comprises a systematic listing of the major landscape trees found in North America, describing the specific pests and diseases that attack each species.

Well organized, clearly written, and beautifully illustrated with many new photographs, *Pirone's Tree Maintenance* is an encyclopedic resource, the first place to turn for information on dogwoods and elms, magnolias and redwoods, or any other tree growing in North America. Anyone serious about gardening will want this book on their shelf.

From reader reviews:

Ruth Cook:

What do you concentrate on book? It is just for students because they're still students or it for all people in the world, exactly what the best subject for that? Only you can be answered for that issue above. Every person has various personality and hobby for each other. Don't to be obligated someone or something that they don't would like do that. You must know how great along with important the book Pirone's Tree Maintenance. All type of book are you able to see on many sources. You can look for the internet sources or other social media.

Teresa Hennessey:

Now a day people that Living in the era exactly where everything reachable by talk with the internet and the resources inside it can be true or not need people to be aware of each info they get. How many people to be smart in receiving any information nowadays? Of course the solution is reading a book. Studying a book can help individuals out of this uncertainty Information mainly this Pirone's Tree Maintenance book because this book offers you rich information and knowledge. Of course the info in this book hundred per cent guarantees there is no doubt in it you know.

Deborah Ryan:

Information is provisions for anyone to get better life, information today can get by anyone in everywhere. The information can be a knowledge or any news even restricted. What people must be consider whenever those information which is within the former life are challenging to be find than now's taking seriously which one is appropriate to believe or which one the resource are convinced. If you get the unstable resource then you obtain it as your main information we will see huge disadvantage for you. All those possibilities will not happen throughout you if you take Pirone's Tree Maintenance as the daily resource information.

Holly Hughes:

Your reading 6th sense will not betray an individual, why because this Pirone's Tree Maintenance e-book written by well-known writer who knows well how to make book which might be understand by anyone who also read the book. Written within good manner for you, still dripping wet every ideas and publishing skill only for eliminate your current hunger then you still doubt Pirone's Tree Maintenance as good book not only by the cover but also from the content. This is one publication that can break don't ascertain book by its include, so do you still needing a different sixth sense to pick that!? Oh come on your examining sixth sense already told you so why you have to listening to one more sixth sense.
