**Using Human Learning Strategies in the Classroom** George R. Taylor

This book provides a realistic approach to applying human learning in the classroom. It's designed for the teacher who is aware of many different theories of learning and who might like to learn methods of transposing these theories to the classroom. No knowledge of any kind of psychological pedagogy is required. Professor Taylor's experience culled through over 30 years in the field combined with his flair for easily explaining complex matters, makes an invaluable reading experience for today's teacher.
