As a student, I exactly feel bored to be able to read. If their teacher expected them to go to the library or even make a summary for some reserve, they are complained. Just minor students that have reading as a hobby or real their hobby. They just do what the professor wants, like asked to the library. They go to right now there but nothing reading critically. Any students feel that looking at it is not important, boring in addition to can't see colorful pics on there. Yeah, it is for being complicated. Book is very important to suit your needs.
