How to Grow Vegetables on a Balcony: 10 Day Kick - Start Guide George B

So, you have always wanted your very own vegetable garden because it is cheaper to grow and eat your own vegetables, you would know exactly what went into them, no unnecessary pesticides or hormones, and lastly because it's just really cool to have your own veggie garden.

However, you have two very big problems, one is that you do not have a clue about vegetable gardening and two, you live in a high rise apartment.

Well I am here to tell you that this book, solves both those problems. Firstly, this book is entirely dedicated to coaching you into developing your very own balcony vegetable garden and secondly, we teach you everything you need to know about growing vegetables.

Seriously, we will literally, stand over your shoulder and guide you step by step so that within 10 days, boom, you have your top of the line, thriving balcony vegetable garden.

After this, who needs a backyard. Some of the things that you will learn are:

- What vegetables to grow?
- How to set out your balcony garden
- What are the basic resources that you require
- And much, much more

This book proves that even if you live in a high rise apartment, you can still have your vegetables and eat them too.
