Experience the thrill, the glory, and the occasional terror of the World Series of Poker Main Event through the eyes of professional poker player, writer, and coach Andrew Brokos. Along the way to another in-the-money finish, Brokos encounters colorful opponents and difficult decisions. His story unfolds with humor and drama, and strategy essays interspersed with the narrative make reading an educational as well as an entertaining experience.

Brokos, who has five cashes in the WSOP Main Event including three finishes in the top one hundred, has helped thousands of poker players improve their skills with his articles, videos, and personalized coaching. He's entertained tens of thousands more with the Thinking Poker blog and podcast. Now he brings those skills together in a new series that invites you to share in the excitement of high stakes poker and improve your game in the process.

"I always felt a major drawback to poker-strategy books was their density and seriousness; many read like text-books. But in his Poker Diaries, Andrew combines storytelling and his personal experience with thoughts on strategy, and let's the reader enjoy himself while he learns how to play tournament poker."

-Tony Dunst, professional poker player and host of the World Poker Tour's Raw Deal
