This revised seventh edition prepares students for first-year anatomy courses and the USMLE Step 1. Written in the popular Board Review Series outline format, this text presents the essentials of human anatomy in the form of concise descriptions and full-color illustrations. USMLE-style questions at the end of each chapter emphasize board-relevant information and allow for self-testing to confirm strengths and uncover areas of weakness. The 100 question comprehensive exam at the end of the book is a great prep tool for the actual exam!

You will also discover:

NEW! Full-color design, illustrations, and tables summarize information for convenient review

Over 550 USMLE-style questions, answers, and rationales both electronically and in print to reinforce your anatomy review

Clinical correlations to emphasize connections between anatomical knowledge and clinical medicine

End-of-chapter summaries which provide a quick review of key concepts

A companion website offers the eBook, image bank, and an interactive question bank with all the questions from the book for engaging, effective test preparation!
