Forests Forever: Their Ecology, Restoration, and Protection (Center Books on Natural History) John J. Berger

Fragile kingdoms of innumerable organisms and rich beauty, forests today are both our most plentiful and our most endangered natural resource. Understanding their workings and how to sustain them is imperative to ensuring the future of humanity. John Berger urges us to learn what can be done to preserve these treasures, and he offers here a compelling guide to the complex issues surrounding forest preservation.

An expanded and revised version of Berger's bestselling *Understanding Forests*, *Forests Forever* offers a clear and readable survey of forest history and management. Berger draws upon diverse sources in law, ecology, economics, politics, and anthropology to argue that ecology, rather than the marketplace, should be the driving force behind forest management. Historical case studies of forests worldwide support this contention, the book reveals, as does the history of governments' forest policy. Keeping pace with today's issues, Berger critically evaluates government policy over the last seven years, including a contrast between the destructive policies of the Bush Administration and model programs instituted by the Canadian Boreal Initiative and others. Ultimately, he offers us the guiding principles of sustainable forestry as an answer to the ever-increasing demand for wood products.

Anchoring the account are galleries of breathtaking full-color images of trees, forest, wildlife, and other forestry subjects taken by the world's leading nature photographers. A concise and wholly readable account, *Forests Forever* issues a call to arms for all those concerned with preserving and managing the world's forests today.

From reader reviews:

Delbert Lambert:

Do you among people who can't read satisfying if the sentence chained inside straightway, hold on guys this specific aren't like that. This Forests Forever: Their Ecology, Restoration, and Protection (Center Books on Natural History) book is readable by you who hate the straight word style. You will find the info here are arrange for enjoyable reading through experience without leaving perhaps decrease the knowledge that want to supply to you. The writer associated with Forests Forever: Their Ecology, Restoration, and Protection (Center Books on Natural History) content conveys prospect easily to understand by many people. The printed and e-book are not different in the content material but it just different such as it. So , do you even now thinking Forests Forever: Their Ecology, Restoration, and Protection (Center Books on Natural History) is not loveable to be your top checklist reading book?

Betty Johnston:

Exactly why? Because this Forests Forever: Their Ecology, Restoration, and Protection (Center Books on Natural History) is an unordinary book that the inside of the guide waiting for you to snap it but latter it will jolt you with the secret the idea inside. Reading this book close to it was fantastic author who all write the book in such wonderful way makes the content inside easier to understand, entertaining way but still convey the meaning fully. So , it is good for you for not hesitating having this ever again or you going to regret it. This excellent book will give you a lot of benefits than the other book have got such as help improving your skill and your critical thinking means. So , still want to delay having that book? If I were being you I will go to the e-book store hurriedly.

Louis Patrick:

Playing with family in a very park, coming to see the marine world or hanging out with close friends is thing that usually you could have done when you have spare time, and then why you don't try thing that really opposite from that. One activity that make you not sensation tired but still relaxing, trilling like on roller coaster you already been ride on and with addition of knowledge. Even you love Forests Forever: Their Ecology, Restoration, and Protection (Center Books on Natural History), it is possible to enjoy both. It is good combination right, you still desire to miss it? What kind of hangout type is it? Oh can happen its mind hangout folks. What? Still don't have it, oh come on its named reading friends.

Lewis Farnsworth:

As a student exactly feel bored for you to reading. If their teacher questioned them to go to the library in order to make summary for some reserve, they are complained. Just minor students that has reading's heart and soul or real their leisure activity. They just do what the instructor want, like asked to the library. They go to right now there but nothing reading very seriously. Any students feel that studying is not important, boring and also can't see colorful photos on there. Yeah, it is to be complicated. Book is very important for you

personally. As we know that on this time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore , this Forests Forever: Their Ecology, Restoration, and Protection (Center Books on Natural History) can make you truly feel more interested to read.
