Introductory Chemistry: Concepts and Critical Thinking (7th Edition) Charles H. Corwin

With an expanded focus on critical thinking and problem solving, the new edition of **Introductory Chemistry: Concepts and Critical Thinking** prepares readers for success in introductory chemistry. Unlike other introductory chemistry texts, all materials –the textbook, student solutions manual, laboratory manual, instructor’s manual and test item file – are written by the author and tightly integrated to work together most effectively. Math and problem solving are covered early in the text; Corwin builds reader confidence and ability through innovative pedagogy and technology formulated to meet the needs of today’s learners.
