The Medieval Cloister in England and Wales (Journal of the British Archaeological Association)

This dedicated volume of the Journal of the British Archaeological Association draws together ten papers which, collectively, explore something of the art and architecture, styles and uses, of the medieval cloister in England and Wales. Contributors consider the continental context, cloisters in English palaces, Benedictine and Augustinian cloister arcades in the 12th and 13th centuries, architecture and meaning in Cistercian east ranges, late medieval vaulted cloisters in the West Country, cloisters at the cathedrals of Old Sarum, Canterbury, and Lincoln, and assess the extent to which the cloister bosses at Norwich cathedral priory reflect contemporary religious politics. The volume also contains an extended consideration and gazetteer of all Cistercian cloisters in England and Wales.
